EXCELLENCE IN EDUCATION · 20 YEARS · SOUTH END MODEL

ABOUT
SCHOOL

South End Model School based in Chanda, Asansol Affiliated with CBSE from Nursery to Grade XII. With a legacy of over 20 years, SEMS is dedicated to providing holistic education at an affordable fee structure. We offer a wide range of programs in science, commerce, and humanities, fostering academic excellence along with co-curricular growth through smart classrooms, well-equipped labs, career counselling, and national-level sports activities.

OUR
VISION

To nurture our students as the global citizens of tomorrow with social, moral, aesthetics and ethical values by providing quality education accessible for all.

OUR
MISION

Our mission is to impart inclusive education to students of all backgrounds, fostering social, moral, aesthetic, and ethical values while building strong character and preparing competent citizens who can contribute to their communities through civic engagement, responsible behaviour, active participation, and by applying their developing skills

FROM THE

LEADERSHIP DESK

“Our mission is to empower every child to become a confident leader and a compassionate changemaker. It is about shaping resilient minds ready to embrace the future and make a meaningful difference. As we welcome the 2026-27 session, we proudly affirm: ‘I am the future’ is not just a promise, but a powerful commitment to our students and community.”

Parimal Maji
Managing Director
Chanda South End Model School

“At SEMS, every child is seen, heard, and valued—this is my promise as your Principal. Here, learning is joyful and mistakes are treated as stepping stones, not setbacks. Our greatest pride is watching each child grow in confidence and compassion, ready to give back and lead with heart in tomorrow’s world.”

Archana Choubey
Principal
Chanda South End Model School
25+ yrs of exp. in school leadership

School to Visit

ISRO CAMPUS - BENGALURU

"Visiting the ISRO campus in Bangalore was truly the opportunity of a lifetime. Standing where India's brightest scientists shape the future, I discovered how curiosity, teamwork, and perseverance turn dreams into reality. This experience has inspired me to reach higher and believe in the endless possibilities ahead."
